

UPDATED PROTOCOL FOR SBC'S FALL SEASON, 2022

IN GENERAL

Class size will still be controlled and we will continue to practice safe distancing protocols.

We will continue to follow the Saugerties Central Schools' guidelines and protocols regarding Covid-19.

Class schedule will run for 12 weeks from September 19 through December 17 and tuition will be posted in three 4 week installments.

A \$20 Registration Fee will be charged per family for the September-December 2022 season.

All students/parents are asked to register and make payments online to eliminate unnecessary physical contact.

At this time, we do not know (but hope we can) present a Winter Recital, due to the still ever-changing covid climate. Our target date is December 17. If a performance is not possible, we will alternately offer in-studio demonstrations during the week of December 12-17.

IN THE STUDIO

We require the use of masks for those who are in the 6th-10th days of recovery from COVID-19. All others are encouraged, but not required to wear masks while in the studio and building.

The waiting room and dressing rooms will continue to be closed, so students should come dressed and ready to dance. Students will leave their belongings in the waiting room and go directly into the studio. There are spots marked at the barre – each student will be assigned one and students must stay in that spot.

Parents are asked to drop off children at the door, as we are still trying to minimize the number of people in the building. Parents of our Mother Goose Ballet, Pre-Ballet, Adv. Pre-Ballet and A1 ballet classes may bring students inside, get them settled and wait inside. In an effort to minimize the number of people in the building, we ask that parents of older students still wait for their children outside.

We will continue to do our best to maintain distance between the dancers when the class moves from barre to center and across the floor. At the end of each class, we will clean/disinfect any common areas such as barres, door knobs, etc. Bathrooms will also be wiped down daily.

Air purifiers with a HEPA filter will be used as a part of our daily cleaning/disinfecting regiment.
